Professional Summary

Recent Software Engineering graduate with expertise in full-stack development, cloud platforms (Microsoft Azure), version control (Git), and software testing. Proficient in problem-solving, analytical thinking, and cross-functional collaboration, gained through projects and internships.

Education

Bachelor of Engineering (B.E) – Information Technology | **2021 – 2025**

Savitribai Phule Pune University, Parvatibai Genba Moze College of Engineering, Wagholi | **CGPA – 8.89**

Skills

Languages & Frameworks: Java, Python, C/C++, JavaScript, React.js, Node.js

Web Development: HTML, CSS, Tailwind CSS, Bootstrap, jQuery

Databases & Tools: Oracle 19c (SQL/PLSQL), MongoDB, Git, GitHub, Postman, VS Code, Eclipse, Power-BI

Cloud & DevOps: Microsoft Azure (AZ-900), Docker, Data Visualization

Testing & Version Control: Unit Testing (Maven, JUnit), Git-based Version Control, UX/UI designing

Soft Skills: Communication, Teamwork, Problem-Solving, Time Management, Analytical Thinking

Work Experience

AI Intern – TechSaksham (Edunet Foundation) | Feb 2025 – Apr 2025

- Developed an AI-based resume screening system using Python, NLP, and ML techniques
- Automated filtering improved efficiency by 40%.
- Simulated AI support flow increasing candidate issue resolution accuracy by 25%.

Cloud Intern – KasNet Technologies Pvt Ltd | Jan 2024 – Feb 2024

- Designed Power BI dashboards to visualize KPIs and drive better decision-making.
- Created dashboard for total revenue, sales by market, and top customer [Sales Data Analysis Dashboard](#)

Projects

Wash-It a Comprehensive E-commerce Laundry Solution | Tech Stack: MongoDB, Express.js, React.js, Node.js,

- Designed and developed the frontend of WASH-IT, a full-stack laundry service platform, using React.js and Tailwind CSS for a responsive and intuitive user interface.
- Built a full-stack laundry platform with real-time order tracking and JWT authentication.
- Boosted order processing efficiency by 40% and enhanced UX by 30%.

Movie Review Application | Tech Stack: Java, Spring Boot, React.js, MongoDB

- Designed a dynamic review platform with real-time data updates and secure backend.
- Improved user interaction speed and data flow efficiency by 10%.

Certifications & Achievements

- Microsoft Certified: [Azure Fundamentals \(AZ-900\)](#) | Google GenAI – [Completion Badge](#)
- **Business Associate (Volunteer Contributor)** — Rallyware | Jan 2022 – Present | Remote
 - Collaborated with cross-functional teams to support business operations
 - Assisted in market research, customer outreach, and process improvement activities
- Solved 150+ problems on [LeetCode](#) | Technical Content Writer on [Medium](#)
